Casters

50mm twin wheel

Am Fab's Designer Series Overbed Table Model 1100H is perfect for today's nursing home, hospital, and home convalescent needs. The opal powder coated base and column complement your room decor while providing a residential atmosphere.

The table top raises with the slightest upward pressure, lowers with a touch of the convenient trip lever, and locks automatically into position with AmFab's spring loaded mechanism.

The 1100H features a welded "H" base for maximum stability. The 2" oversize casters allow for easy maneuverability over carpet, tile, linoleum, and thresholds.

Seven elegant veneer tops are available to match or complement bed panels and cabinets. The 1/4" spill proof lip preserves clothes and bedspreads against accidental spills. A 1/2" bull nose edge mold provides superior protection from chipping and cracking.

Weight

28 lbs. Cube 1.1 UPS shippable.

Shipping

One table per carton, knocked down. Table easily assembled with four bolts.
